[MUSIC PLAYING]

My name is Katie Meek, and I am a client relationship associate. I really enjoy the people part of the business, being able to invest in making sure that they have a great experience. I really like to run. I like to cook and hang out with my husband and friends.

I think the most rewarding part of being on this team is just seeing the impact that we are able to make in clients' families. It's just really rewarding to know that we're making a difference in our everyday work.
